

TOP THREE PRAISES

Give thanks to our great God for His financial provision through the prayers and sacrificial giving of the Living on the Edge family to the year-end match. (we are still closing the books on the year but are filled with gratitude for all God has provided and will share the final number with you as soon as possible).

Give thanks and praise for the continued open door in China and the approval to print 200,000 more copies of **True Spirituality: Becoming a Romans 12 Christian**.

Praise God for our 2019 ministry impact in the Middle East through the Nextgen Conference, training of 750 Egyptian leaders, and new partners throughout the region eager to share discipleship resources with many who are hungry to spread God's Word to others.

TOP THREE REQUESTS

Ask God to grant us great wisdom and discernment as we finalize ministry strategies. Ask God to show us the difference between good, better, and His best for this next season as opportunities and needs abound at every turn.

Ask God to speak "to" Chip and then "through" him as he studies and prepares messages and teaches in the US this month; and for safety and insight as President/COO Andrew Accardy travels to China to inspect and evaluate ministry progress.

Ask God to move thousands of people to step out and do **The Invisible War** study this month and experience God's power and freedom from the lies of the culture and their past.
